***Disclaimer**

The following information is provided as guidance only for those applying under subsisting legislation to register a business name or a limited liability company in the Solomon Islands. The published lists of business and company names that have already been allocated must only be used by applicants to inform their choice of a unique name for their application to register a business name or company as required by law. Applicants must meet in full the requirements set out in the relevant provisions of the Register of Business Names Act [Cap 177] and the Companies Act [Cap 175] until the operative provisions of these acts are repealed or amended.

These lists will be updated periodically as resources permit but applicants should not presume that published lists are either up to date or exhaustive. If the name chosen by the applicant is not on the list, no permission or approval to use the name for any purpose is implied or intended nor should it be assumed that an application made to register that name under the provisions of the relevant legislation has been or will be automatically granted.
